

# **EASY-TRANSFER**

*Foldaway Transfer Seat for Cars*

The **Easy-Transfer** is a foldaway transfer seat for cars. A safe, convenient, and inexpensive alternative to vehicle entry.

The **Easy-Transfer** is simple! It bolts into the existing seat mechanism with little to NO MODIFICATION.

While driving or parked, the platform folds up beside the seat and can even be detached for stowage!

Safety is always a concern with any product on the market, the **Easy-Transfer** is no exception! Made with sturdy ABS plastic and supporting up to 350lbs!

Convenience is key, the **Easy-Transfer** allows a safer, quicker easier access and can be installed in ANY CAR! The ease of transfer with this device is second to none.

- Enjoy a safer, quicker, easier, vehicle access
- Preserve your joints, reduce strains and pain
- Increase your choice of vehicles!
- Bolts on easily, most vehicles are not altered
- 350lb weight capacity
- Stows out of the way for other passengers.
- Manually removable in seconds!
