

The EASY-CARRY is a brand new lift for power and manual wheelchairs. The EASY-CARRY's unique high tech design allows you access to virtually any vehicle from vans and SUVs to gas efficient sedans and coupes. In comparison to other wheelchair lifts on the market, the EASY-CARRY is lighter, more transferable and most importantly safer for you. Mounting to the rear vehicle hitch, the EASY-CARRY maintains a low center of gravity and is protected from the wind. A unique cover for the EASY-CARRY protects your chair from the elements. The EASY-CARRY allows access to both the passenger and driver positions to meet ANY need you may have. Whatever your situation, trust the EASY-CARRY to help you get up and mobile again with your favorite wheelchair.
