

MINI-TOUCH

6/12-FUNCTION CONTROL PAD

FEATURES:

◆ **Convenient**

The MINI-TOUCH is a compact, steering wheel mounted control pad/steering knob which allows easy access to **6 or 12 Vehicle Control Functions** such as wipers, turn signals, horn, high beam/low beam, and many other important functions. All functions are easily accessible without compromising steering wheel control.

◆ **Transferable**

Once purchased, the basic **MINI-TOUCH** system will transfer into most makes and models with the purchase of a new custom vehicle interface package.

◆ **Original Controls Operate Normally**

Original controls remain fully functional for non-disabled drivers.

◆ **Ergonomic Design**

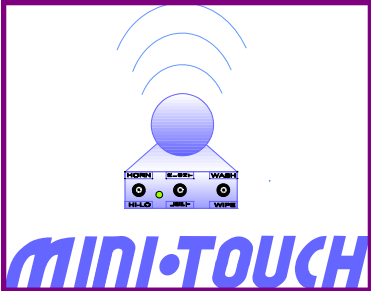

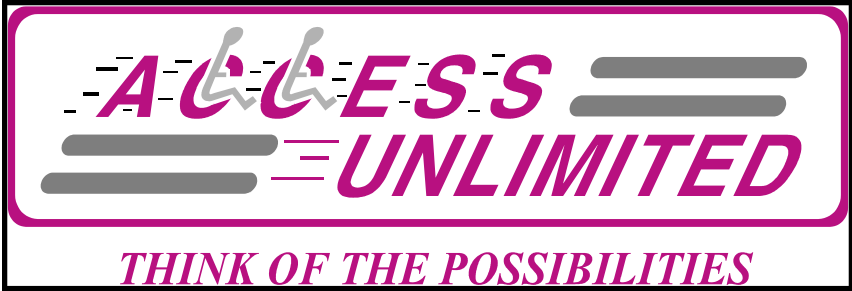

Switch locations and orientations are designed for optimal ergonomic operation and set in an attractive housing for an "integrated" look.
